EXPECTATIONS FOR ALL STUDENTS

All MST programs require students to adopt a mature workplace-like attitude while attending our high school. High expectations for all students include: being punctual and maintaining good attendance, adhering to the safety codes that are a part of all programs, being ready and prepared for all school-related activities, dressing appropriately, embracing critical reviews, and always respecting others in their program as well as in the workplace. A number of MST programs involve the practical experience of running a business within the school and/or interning with a local business; students' attendance and behavior while at MST are expected to be mature, responsible and professional.
