

Technology Loan Agreement

I have read and understand Kreiva Academy's Technology and Internet Use Policies. These policies include the following terms for borrowing technology from Kreiva Academy:

Use of Kreiva-owned Technology

In recognition of the important role of technology in the classrooms at Kreiva Academy, the school has a small stock of computer technology available for use by students who do not have access to a computer of their own. ***Prior to using any of this technology the student and their parents will provide written acknowledgement of the school's technology policies and their willingness to be financially responsible for any damage caused to school-owned equipment that results from inappropriate care and/or use.***

Any student wishing to borrow a Kreiva device will turn in a signed Technology Loan Agreement to the Operations Manager in the Main Office. This agreement will be kept on file for future use. The student will then sign-out a device to use for the day. At the end of the day, the device must be signed back into the Main Office or the student may be held financially liable for the full replacement costs of the lost hardware and software. Any damage incurred while the device is signed out is the express liability of the student and family to whom the device was assigned. Altering any device software or hardware from the status set by the system administrator without administrator permission will be considered damage.

Students using Kreiva Academy-owned devices are expected to follow all terms of the Technology and Internet Use Policies. Failure to do so will terminate the student's technology-borrowing privileges for a minimum of one school day with the potential for permanent termination of privileges, at the discretion of the administration.

I agree to follow the Technology and Internet Use Policies in their entirety and understand that failure to do so will result in consequences ranging from loss of privileges to restitution for damage caused to suspension and expulsion, depending on the severity the behavior.
